## 1<sup>st</sup> Announcement

In order to maintain the leading European technical conference for the Steel industry, ASMET, AIM, A3M, Steel Institute VDEh and Jernkontoret have decided to organize the 3<sup>rd</sup> European Steel Technology & Application Days (ESTAD), 2017.

### Save the date!

**The 3<sup>rd</sup> ESTAD® will be held from 26 – 29 June 2017 in Vienna.**

This event will continue to offer the opportunity to be informed about the most recent developments of steelmaking processes and steel products.

The international conference focuses on the latest trends and issues and provides a wide networking and information platform for equipment and service suppliers, plant manufacturers and steelmakers.

At this event you will acquire the latest information on new ideas and developments as well as on the state-of-the-art in metallurgical process technologies for iron and steel production, steel materials and steel application.

### The Conference will focus on all technical aspects in the main fields of:

- Ironmaking
- Steelmaking
- Rolling
- Steel materials and their application, surface technologies
- Environmental and energy

### DEADLINES

**Abstract Submission:** 9 September 2016  
**Notification of Acceptance:** 18 November 2016  
**Paper Submission:** 13 January 2017

### EXHIBITION and SPONSORING

A technical exhibition is held during the event for equipment and service suppliers, steelmakers and media.

Companies have the opportunity to reinforce their participation and enhance their corporate identification by taking advantage of the benefits offered to them as sponsors of the event.
